

Aqua Clear Water Systems

Aqua-Chill Tower

Clean and refreshing water on demand

Aqua Clear's Aqua-Chill Tower Cooler delivers on a promise of endless refreshing chilled water for your workplace as it features multi-stage filtration and BioCote antimicrobial technology. The business friendly design and guaranteed reliability ensure you have all the quality cold water your employees and guests need.

Advanced Technology

The Aqua-Chill Tower has the following core technologies:

1. Filtration: Our filtration technology is really good at taking the bad stuff out and leaving the good stuff in. This stage removes chlorine and other waterborne tastes and odors.

2. BioCote®: Antimicrobial technology that is proven to be effective against a wide range of microbes such as odor causing and staining bacteria, mold and fungus. BioCote reduces microbes by up to 99.99%.

Good for the Earth

Bottleless water coolers have been shown to reduce carbon footprint by up to 72% compared to bottled water coolers. Bottleless water coolers reduce plastic bottle contribution to landfills. The Aqua-Chill is ENERGY STAR certified.

Aqua-Chill Tower Features

- Filtered chilled water
- BPA Free and better for the environment
- Recessed faucet to prevent contamination
